

# Undergraduate Education

Office of the Vice Chancellor for Undergraduate Education

*The Division creates and advances vital academic initiatives to amplify individual and collective achievement.*

We leverage the enterprise-wide perspective, take a proactive approach, and apply informed risk-taking to *identify opportunities*.

We convene the decision-makers, draw on expertise from many sources, generate revenue and engage philanthropy to *make connections*.

We leverage talent to elevate teaching and learning, show creativity in technical services, and exhibit imaginative and responsible stewardship of our campus to *maximize resources*.

---

**With this in mind, who on your team would you like to recognize for their work?**

*(Please list individual members and the Project Team Name, as appropriate)*

---

---

**Please select the area that best fits this individual or team's work and specify the actions, efforts, or outcomes that you wish to applaud.**

- Promoting progress – through inventive solutions, new directions, ensuring progression, and preventing complacency, setting national trends

---

---

---

---

- Inspiring collaboration and synergy—empowering people to solve problems, allowing the entrepreneurial spirit to thrive, raising powerful opportunities

---

---

---

---

- Maximizing efficiency – enhancing the learning experience for students and faculty, creating smart solutions for today's technical challenges, increasing revenue and sustainability
