INTRODUCTION TO THE MAJOR

The Department of Music grants a B.A. degree in Music and also a minor in music. The department is dedicated to a holistic liberal education in the arts and humanities and thus involves students in all aspects of the study of music: theoretical and creative studies, historical and cultural studies, music and technology, and performance.

The Music Major may serve as pre-professional training for the student seeking a career in music or provide a lasting source of enrichment for the student with other career goals.

“\nMy time in the department opened my mind to completely new ways of thinking about music as an art form, from study to performance. “
– Vicky Lin, Music alumna

MUSICIANSHIP PLACEMENT EXAM

Students who plan to major in music or wish to take music major classes must complete the Musicianship Placement Exam before beginning music major classes.
